

# Pre-School Room

Our Pre-School Room has everything to offer your child before they start school.

Here in the Pre-School Room, your child will develop the necessary skills to prepare them for their school days. The day begins with name recognition, we chose our duck which has our name on it and hang it up.

We then play, before large group time begins where we chose which area we want to play in.

**Creative Area:** In this area, you have the use of glue, collage materials, safety paper scissors, crayons, paints and chalks. This is where a masterpiece can be created!!

**Sensory Area:** Here we get to touch and feel different things, play dough is a favourite of the pre-school gang!

**Book Area:** Here we get to read our favourite books, play with the puppet bag and act out the stories.

**Writing Area:** In this area there is access to chunky pencils, felts and crayons, with varied coloured paper in different sizes.

**Sand and Water:** This is where we can splash and make bubbles with your choice of water toys, or build sandcastles and dig with the buckets and spades. Our clothes sometimes get wet even though we have aprons so spare clothes are always handy in our bag!!

**Computer Area:** This area gets the children used to using computers and developing their skills and knowledge of them. There are lots of fun learning games that help us get familiar with keyboards.

**Construction Area:** Get those fingers into action by building your own structures and towers from varied construction toys.

**Home Corner:** Here is where we let our imagination run wild!! Sometimes it's a shop, post office or house. No matter what it is this area is always used and lots of fun.... Prince's and Princesses, Doctors and Nurses, Mummy's and Daddy's are to name a few favourites.

Small group time happens during the day where we get the chance to do different activities with the Nursery staff member in a small group. This is always fun and a good way of learning new things. We get snack time in the morning after washing our hands.....milk and a healthy treat like apple. Raisins or breadsticks to name a few!! Yummmmm! Story time and songtime also happen then soon it is time for outdoor play.....Hooray!

Splashing in wellies (so handy to keep in a bag at Nursery) or playing in the sun (suncream and hats in the bag too please!!) Soon it is lunchtime so hand-wash before our healthy dinner. Then it is tooth brush time for the Pre school gang.....just something else we need to bring for our tray.

The afternoon is filled with more fun and activities as well as an afternoon light snack before it is time to go home.....can't wait for more fun tomorrow!
